

BIOLOGICAL Filters/Mechanical Skimmers

Our MicroSkim® offers professional grade features and quality for the DIY market... it's no wonder why this is our most popular filter!

MicroSkim®

MicroSkim® includes debris net, four filter brushes, barbed & slip fittings for both 1 1/2" Kink Free and flexible PVC, durable lid, skimmer weir door, fish safe silicone and hardware to attach EPDM Fish-Safe liner. Handles pumps from 500 GPH to 2,500 GPH.

- Upgraded Feature – New Filter Brush Cartridge secures brushes making it easy to remove for cleaning.
- Better Fit- AquaSurge™ pump designed to sit in a horizontal position.
- Rounded shape improves structural strength.

#99771 **MicroSkim®** Case: 6, Unit Weight: 15 lbs.

#99302 **UltraSkim® Brush Set** Case: 6, Unit Weight: .85 lbs.

MicroFalls® Filter

Don't let its small size fool you. Aquascape's #1 selling biological filter packs a powerful biological filtering punch.

MicroFalls® Filter includes one biological media net (media not included), fish safe silicone and hardware to attach EPDM Fish-Safe liner, barbed & slip fittings for both 1 1/2" kink free and flexible PVC pipe, and two biological filter mats. Filters ponds up to 100 sq. ft. and 1,000 gallons (approx.).

- Full liner attachable waterfall lip replaces the old liner strip creating a more reliable, water-tight seal on the filter.
- Rounded shape improves structural strength and makes it easier to camouflage into the landscape than the older rectangle unit.

#99774 **MicroFalls® Filter** Case: 6, Unit Weight: 11 lbs.

MicroFalls® Rock Tray

This tray can hold rocks, plants, and gravel, helping to naturalize the unit.

#98285 **MicroFalls® Rock Tray** Case: 6, Unit Weight: 5 lbs.
